SOFTSIDE TRAILER ENCLOSURE KIT 5 YEAR DEGREE OF EXCELLENCE LIMITED WARRANTY

1. TOESTERS has a 5 year degree of excellence limited warranty for its softside trailer enclosure kit.
2. The manufacture warranties that the metal it manufactures will remain structurally sound for 5 years from sun, rain, snow, cold, to -30 degree F., humidity and normal reasonable use.
3. The manufacture warranties that the cover material will remain sound from sun, rain, snow, cold to -30 degrees F. and heat to 110 degrees F., humidity and normal reasonable use.
4. The manufacture of the gas springs warranty applies for gas lifts, when used in this seasonal (part-time) application.
5. The manufacture of any parts not manufactured by TOESTERS, such as, but not limited to: Hings, Latches, Screws and Nuts, Adhesives, Ball Brackets, etc. are limited to any warranty that each of those manufacture provides.
6. This warranty is to quality of the parts only. The customer understands that do-it yourself kits require some assembly skills during assembly and use after. Caution needs to be used not to injure themselves or others during assembly or use of the softside trailer enclosure kit. The customer assumes all bodily injures or damage to self or others or any property while assembling or use of softside trailer enclosure kit. TOESTERS is not liable for any injures or damage during assembly or use of softside trailer enclosure kit.
7. There is no warranty for anyone workmanship in assembling this enclosure kit. If some aspect of assembling this enclosure kit is not clearly understood, the customer should seek advice from TOESTERS. If the enclosure kit is not assembled correctly and properly inspected each time used, the manufacture is not responsible or offer any liability or warranty.
8. After the customer assembles the softside trailer enclosure kit, the customer attaches the finished enclosure kit to their trailer. The manufacture is not responsible or offers any liability should it not remain attached to the trailer, either in part or whole. TOESTERS offers no travel or road hazard warranty. The

customer is responsible to use good judgment, safety, and caution in his /her driving skills and decisions. Road conditions, weather conditions, obeying traffic laws are all a part of when and how to use your enclosure kit.

9. Manufacture warrant's the parts and materials of this kit to a limit of five years pro-rated. The manufacture offers no refunds, does not provide any liability should your assembled product perform or not perform to your expectations. The manufacture reserves the right to replace or repair parts, etc. and no labor costs or shipping costs are covered. The customer may have return any parts, etc. for inspection by TOESTERS, in order for a decision to be made for possible warranty coverage.
10. Each softside enclosure kit is made as a special order, therefore it is not returnable. TOESTERS ha a no return/refund policy. Warranty claims are honored by repair or replacing of the part in question, at the discretion of TOESTERS.
11. To extend the life of the cover material and keep this warranty in effect or the full term, the instructions show that the customer is to cover the enclosure during the off season. Failure to do this voids the cover material limited warranty.
